

Rodent Guards

Avoid irritating and costly plugged drainage systems with stainless steel Rodent Guards and zinc dichromate-plated mild steel Rodent Guards.

Rodent Guard, Stainless Steel

- ◆ 304 stainless steel material and hardware resists rust and corrosion and provides extended life.
- ◆ 4" and 6" Stainless Steel Rodent Guards are Iowa DOT approved.
- ◆ Easy to install. Position far enough in the pipe to allow it to swivel up and let trash pass without exposing the Rodent Guard beyond the pipe.
- ◆ 18" and 24" Rodent Guards are held in place with a steel rod (included) which extends through the frame and then through the pipe. The rod extends approximately 1" on either side of frame.

Discount available when purchased in case quantity. Cases available on 4", 6", 8", 10", 12", and 15".

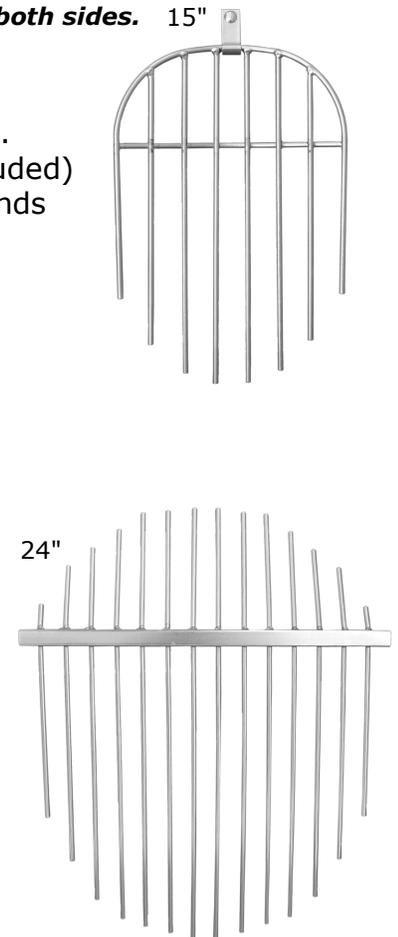

Rodent Guard, Mild Steel
